

**Bombardier has made his own investigations with PIT and is convinced about the effects. They use PIT for preventive treatments at new constructions and in case of repair.**

**Plant: Netphen - PIT since 2010**

**Plant: Bautzen – PIT since 2012**

Here they use PIT at the Bougies in „Projekt ICX“ since 2013  
The ICX will be the new High Speed Train in Germany
